Challenge 2 Home Learning

Maths:

Don't forget to practice your times tables too.

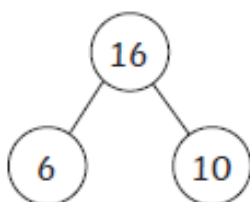

By the end of Year 3, you should try to know the 2, 3, 4, 5, 8 and 10 times tables off by heart.

Tick the number sentences that show inverses and cross the ones that don't.

$25 + 7 = 32$
$32 - 7 = 25$

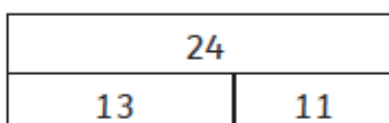

$19 - 6 = 13$
$19 + 6 = 25$

Fill in the missing gaps below to create inverse number sentences. Can you get back to where you started? Use the models to help you.

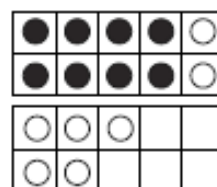

$16 - \underline{\quad} = \underline{\quad}$

$\underline{\quad} + \underline{\quad} = 16$

$\underline{\quad} + \underline{\quad} = 24$

$24 - \underline{\quad} = \underline{\quad}$

$\underline{\quad} - \underline{\quad} = \underline{\quad}$

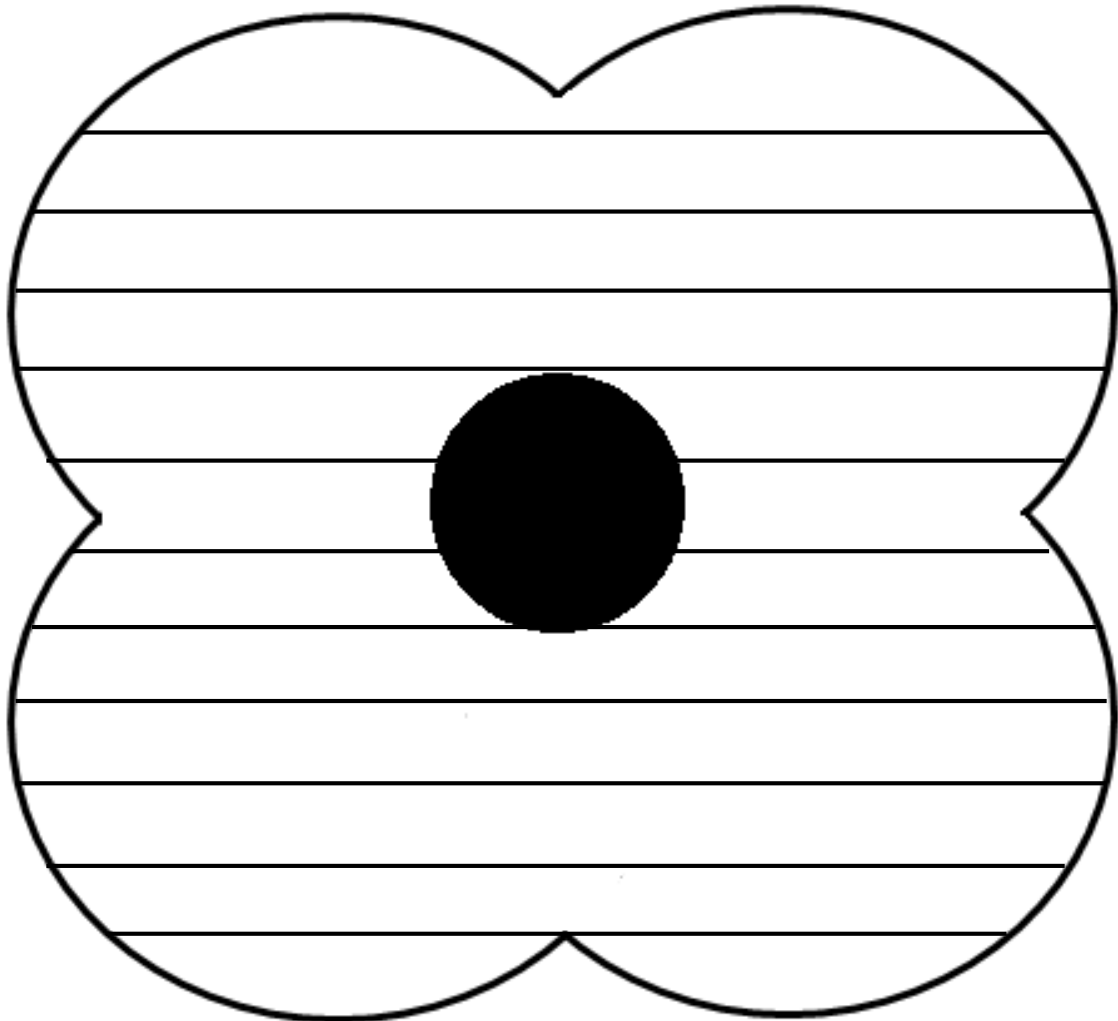

$\underline{\quad} + \underline{\quad} = \underline{\quad}$

Can you write inverse number sentences using the numbers 22, 14 and 8?
Draw or make as many models as you can to match.

English:

It will soon be Remembrance Day - a special day when we remember all of the people who fought and died in the wars. Using a template of a poppy, a symbol often linked with Remembrance Day, can you write your own shape poem about the war? You may need to do some research on the internet with a grown up or talk to them about what they know about the war.

Spelling Words:

1. early
2. earth
3. eight
4. eighth
5. enough
6. exercise
7. experience
8. experiment
9. extreme
10. eruption

How many of these can you use in your shape poem?

Tick them off when you think you have included one or more of each.

- verb
- adjective
- adjective
- simile (comparing using 'like' or 'as')
- alliteration (same sound at the start of one or more words in a row)
- onomatopoeia (a word that represents a sound e.g. fizz)
