

RE 13th January

Today we learned about the different books that we use in church. I would like you to describe each one of the pictures below saying what is in the book and how and why we use it in church.

Example:

Lectionary

We use this book in church to help with services like Mass. It is used by the priest and it has different readings in there for the different services. It also has the prayers that might be used too. We have used this book when we have done class masses at school. Some of us use it for a reading and others use it for reading out the psalm or the Gospel Acclamation.
