LO: To research and collect information about the life of Jules Verne

A biography is a formal piece of writing which explains the life of someone. In this case, your biography will be all about the author of our new class novel - Jules Verne.

Your task - Research and **paraphrase** your findings about the life of Jules Verne.

Use the template below to help you collect your research.

<u>When was he born?</u> <u>When did he die?</u>	<u>Where was he born?</u> <u>Where did he die?</u>	<u>Did he have any family?</u>
<u>What inspired his writing?</u>	<u>What was his career?</u>	<u>What novels did he publish?</u>
<u>Who were his parents?</u>	<u>Extra information</u>	

Remember: your research should be **paraphrased**- in your **own words**.

This is just notes - **NOT** full sentences.
