

Boston St Mary's Action Plan 19-20

September 2019 – July 2020

Funding amount - £11,800

Objective: To develop enhanced provision for Pupil Premium Children.

Overview 2019 - 2020

In September there are **9 pupils** on the Pupil Premium register.

7 Free School Meals children

9 'Ever6' children

0 Forces children

1 Looked After Child

Pupil Premium Funding

In April 2010, the Government introduced the Pupil Premium. This additional funding was allocated to children from low income families who were known to be eligible for Free School Meals in both mainstream and non-mainstream settings and children who had been in Local Authority Care continuously for more than six months. The Government believes that the Pupil Premium, which is additional to main school funding, is the best way to address the current underlying inequalities between children eligible for Free School Meals and their wealthier peers by ensuring that funding to tackle disadvantage reaches the pupils who need it most.. This academic year we will receive £1320.00 per pupil. We will receive £1900 for Pupil Premium Plus (Looked after Children/Adopted from Public Care)

Pupil Premium Allocation

In the academic year 2019-2020 the Pupil Premium funding will be used to achieve the following outcomes:

- Provision of basic needs such as School Uniform, milk and school meals including additional school equipment/resources for more vulnerable families. This will also include provision of breakfast foods for most vulnerable children.
- Additional interventions to support children with social and emotional needs and ensuring that Pupil Premium children are provided with equal opportunities to make a good level of progress.
- Resources that support pupils to increase their engagement in lessons and to tackle barriers to their learning and additionally resources that support independent learning and promote challenge.
- Subsidies for curriculum resources, trips and visits.

The Pupil Premium grant will be used to enhance these pupils learning and to assist financially when required. Provision mapping within the school clearly marks interventions for these pupils and their progress is closely monitored. Pupils who are not making expected progress in English and Maths participate in intervention programmes identified by the key stage leaders and class teachers and receive extra support in the classroom and/or in groups. Pupils at St Mary's attend many curriculum related trips and financial help is given to those pupils, who are entitled to Pupil Premium support and

who have been targeted as attending the trips. At St Mary's we believe that the Pupil Premium funding should ensure the inclusion of all enabling pupil from all socio-economic backgrounds to achieve their full potential. Funding should be wisely targeted to ensure these pupils progress well and due to personalised provision avoid developing gaps in learning and achieve in line and even exceed their peers.

Curriculum

Children learn best when their learning is fun, meaningful and memorable. At St Mary's we employ a topic-based approach, which focuses on subject specific skills, ensures exciting learning. Wherever possible, English, Maths and Computing are also integrated into topics so that children are truly immersed in their learning. Real life experiences and hands-on opportunities are provided wherever possible in recognition of the fact that learning is more memorable when there is a high degree of pupil involvement in an activity. Pupils in receipt of this funding are targeted where individual needs have been identified and resourcing put into place to support their access to our curriculum. Data is regularly collated and reviewed by staff, Senior Leaders and the Head teacher monitor the progress of all pupils and plan future personalised provision using this funding.

The Wider Curriculum

Supporting children through the effective use of pupil premium funding is paramount in our school and infuses many aspects of school life. Throughout the year we hold themed activities that promote involvement of all pupils and their families but by which we especially target those in receipt of this funding. Activities such as: Multi- Cultural Week and Enrichment Days, as well as targeted activities such as Music lessons, have all given eligible pupils the opportunity to participate in events that they may not have had the opportunity to do so otherwise. During our residential visits such as PGL, pupil premium children are given opportunity to participate in many different activities, which may include orienteering, assault courses and canoeing.

Beyond the School Day

The school is keen to provide a wide range of extra-curricular clubs for children throughout the year which are organised by our teaching staff and/or sports coaches. Children enjoy the opportunity to work with different teachers and have the chance to try many activities such as Football, Cricket, Gardening, Crafts and many more. Throughout 2019-2020, Pupil Premium children will be encouraged to engage in after school clubs and clubs run in the school day to promote Healthy Living and Wellbeing. We try to cater for all our children's needs and so ask the children which clubs they would like to see included during the year through pupil surveys; we also monitor participation of pupil premium children at clubs and provide financial support for those chargeable clubs.

Commitment

St. Mary's is committed to providing an increasing range of opportunities for pupil premium children to participate in all aspects of the curriculum and extra-curricular activities

Action Plan for Pupil Premium Funding Academic Year 2019-2020

Funding - £11,800

Action Plan	Inclusion, engagement and achievement of pupil premium children	Overall Target	To optimise pupil performance of vulnerable groups
