

This week in maths we have been exploring multiplication and looking at different representations. We have looked at using arrays and writing multiplication sentences. Please support your child in completing the questions below and return by Wednesday 12th November. Thank you for your support, Mrs Harness and Mrs Liu.

Circle the odd one out. Explain why.

Inaya has 16 counters.
She draws the array below.

Draw two more arrays that Inaya could make using her counters.
Use counters to help you.
